

Lab 12. Creating a Stacked Bar Chart in Power BI

Ref : SalesData.xlsx

Lab 1: How to create a Stacked Bar Chart to visualize sales by region and category in Power BI?

- **Task:** Create a stacked bar chart to show sales data by region and category, with `Region` as the axis and `Sales` as the value.
-

Lab 2: How to create a Stacked Bar Chart to compare sales and profit by category in Power BI?

- **Task:** Create a stacked bar chart that compares both `Sales` and `Profit` for each `Category`, with each bar showing both metrics.
